BAMBOO - THE ECO-FRIENDLY STAIRCASE OPTION THAT'S ALSO FRIENDLY ON YOUR BUDGET

Bamboo is one of the most rapidly renewable resources on the planet. It captures and stores carbon dioxide and generates more oxygen than trees. It's super strong and durable, making it ideal for high quality staircase construction.

Available in

LIGHT

DARK

WHY BAMBOO?

Eco Friendly

Highly Sustainable

Tougher & Stronger than Wood

Resistant to Temperature Change

Suitable for painting or staining

FSC Certified
